

Proportion of Patients Tested for: alanine aminotransferase (ALT)

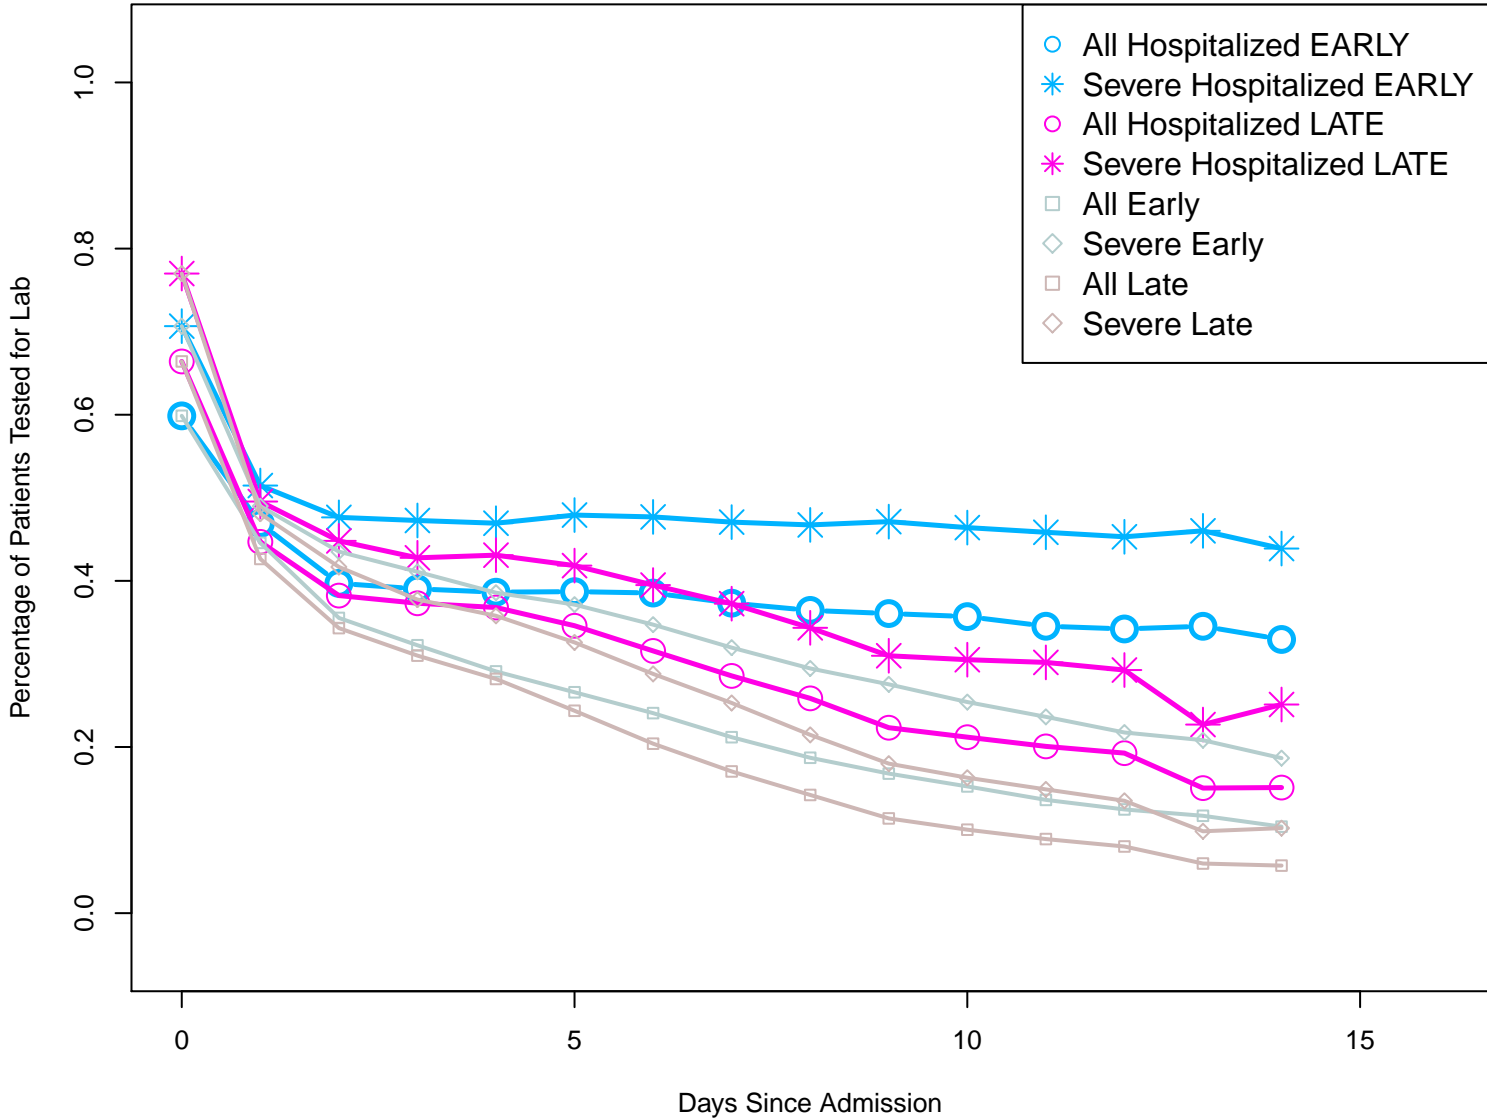

Proportion of Patients Tested for: aspartate aminotransferase (AST)

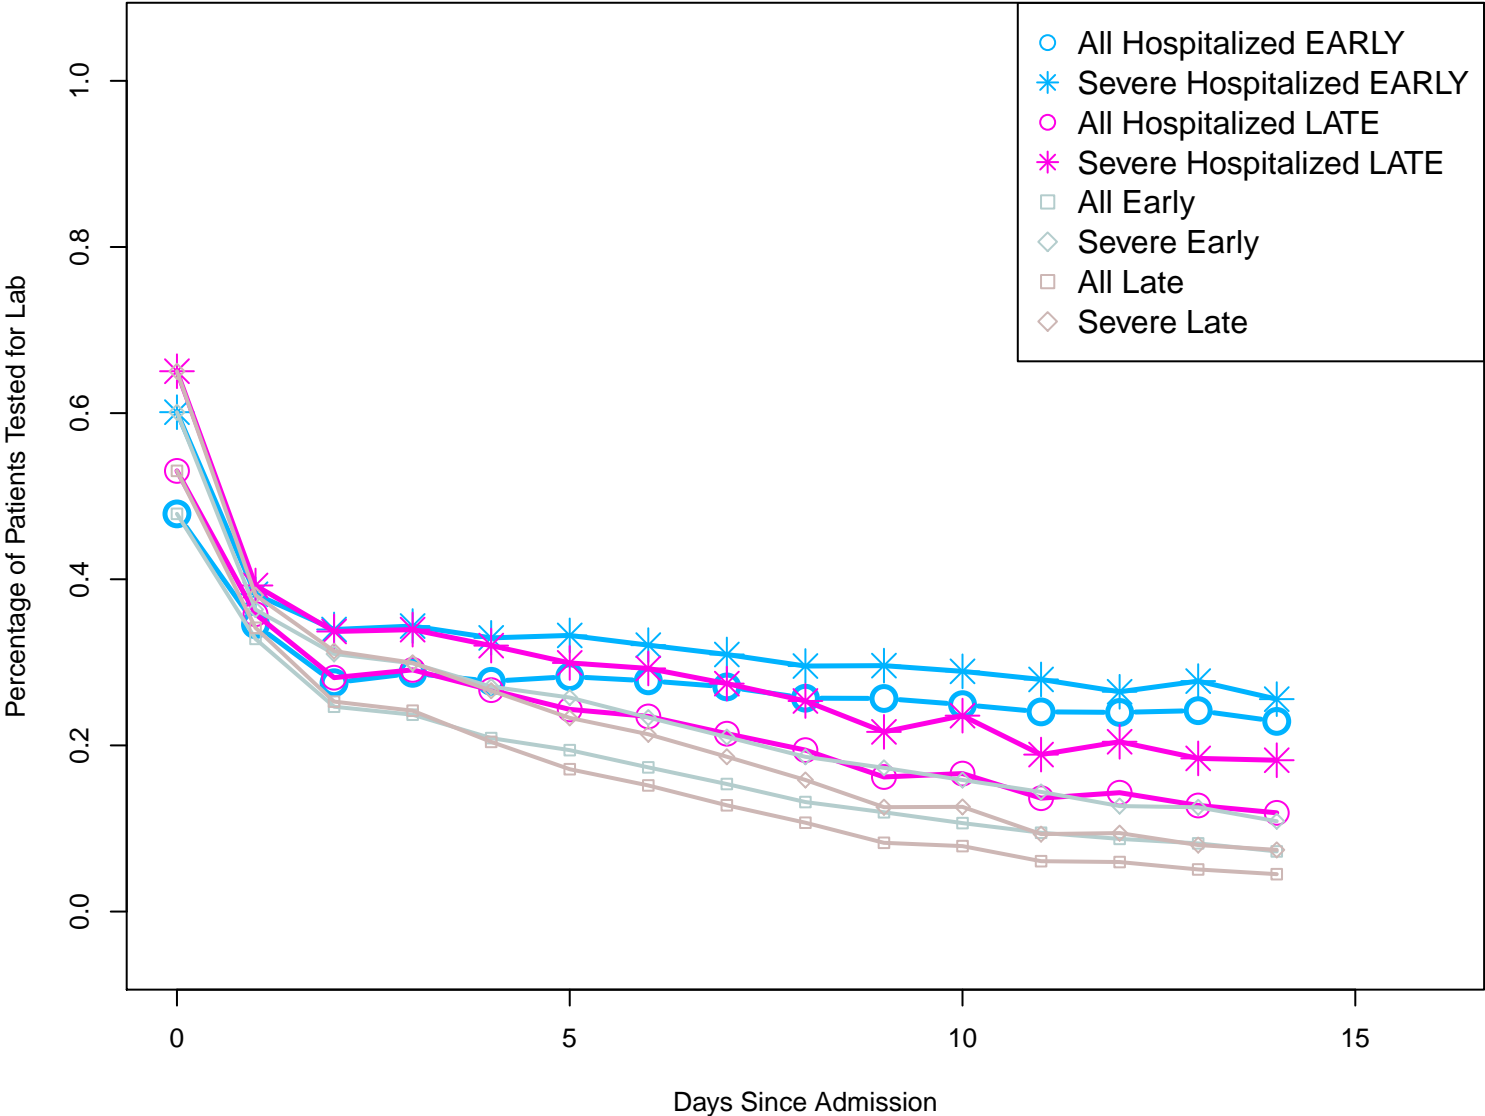

Proportion of Patients Tested for: albumin

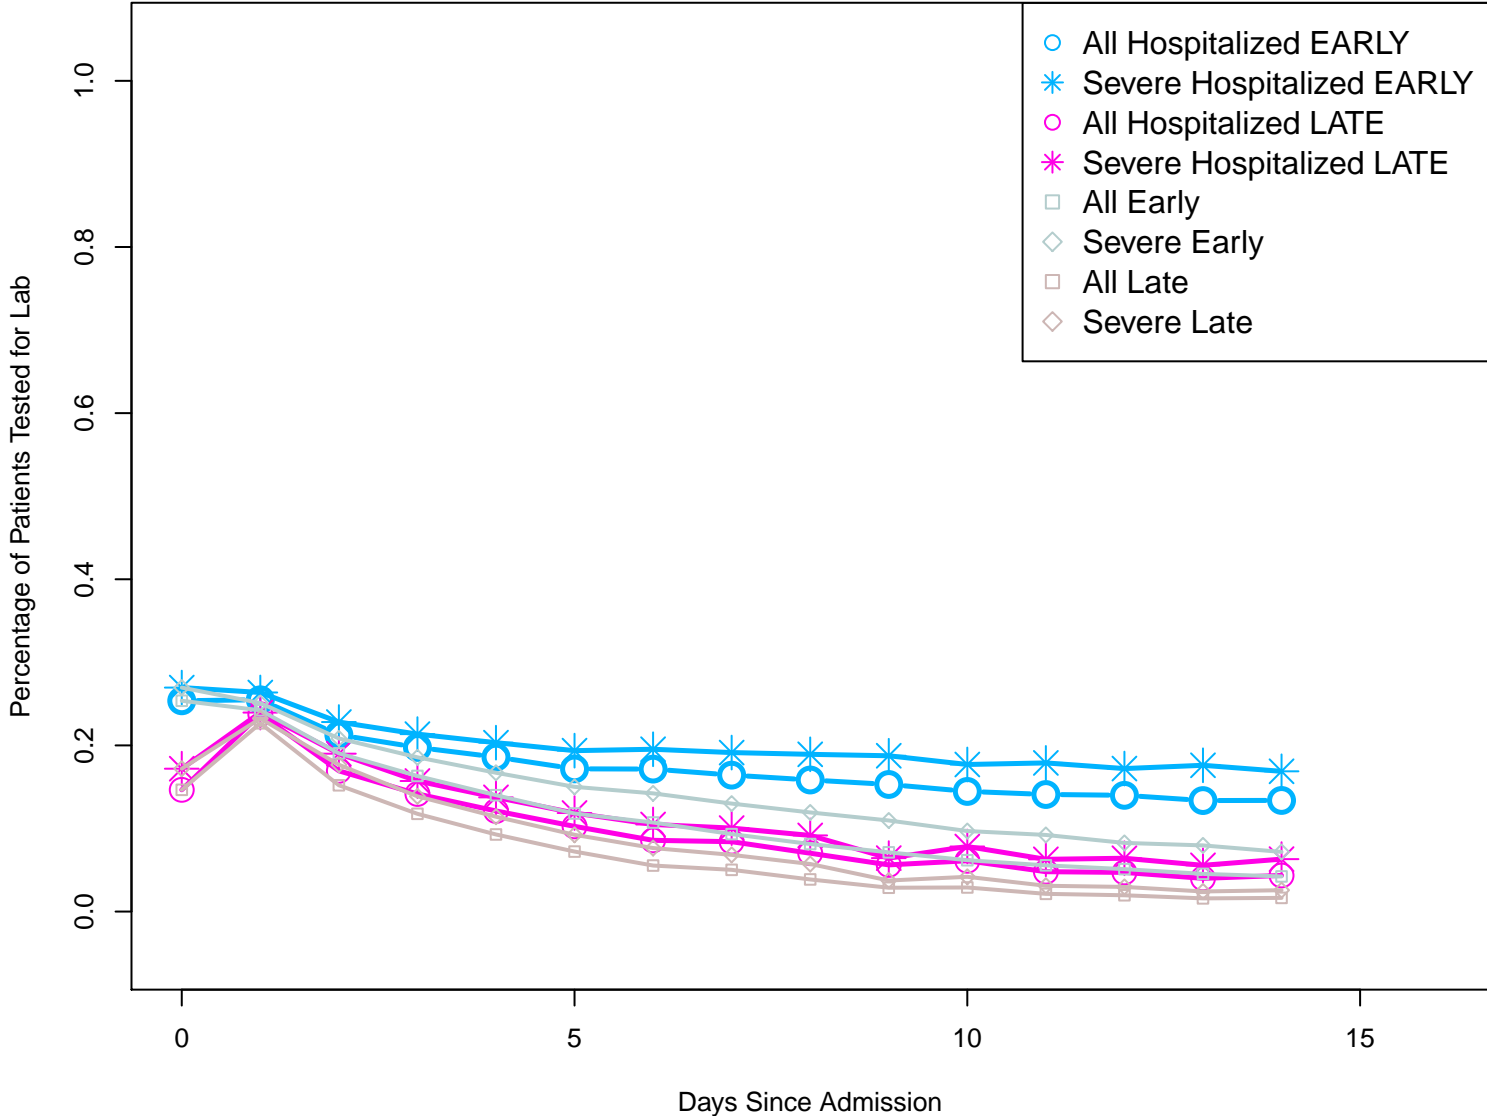

Proportion of Patients Tested for: total bilirubin

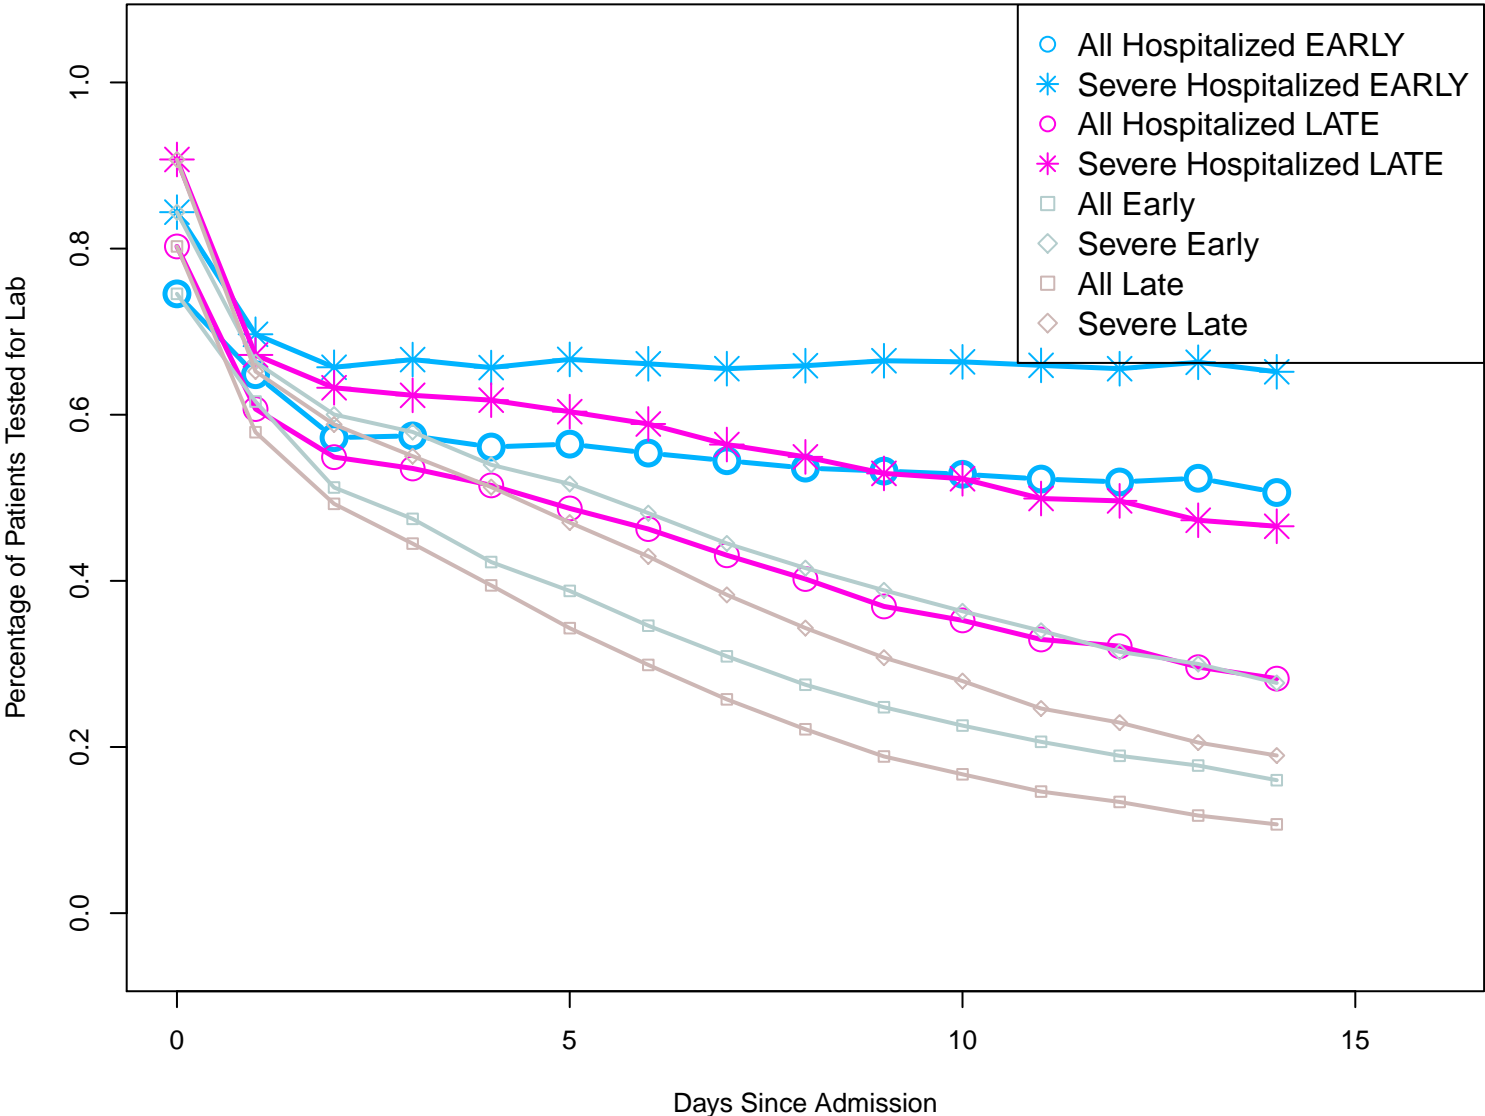

Proportion of Patients Tested for: C-reactive protein (CRP) (Normal Sensitivity)

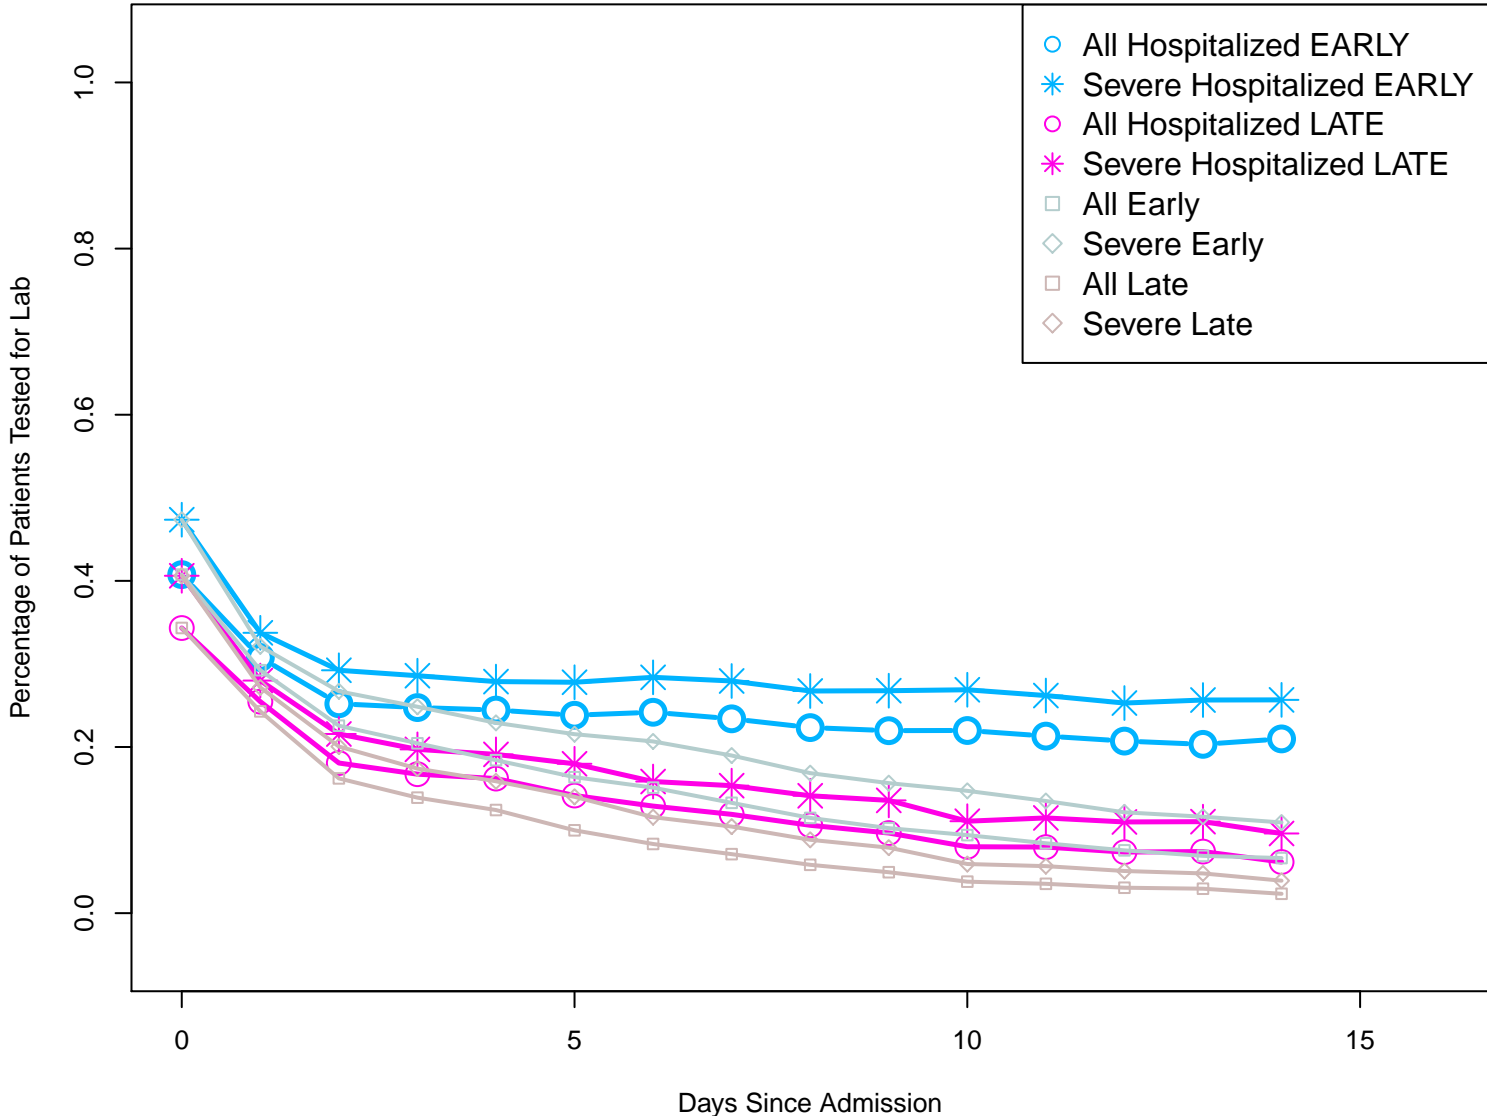

Proportion of Patients Tested for: Ferritin

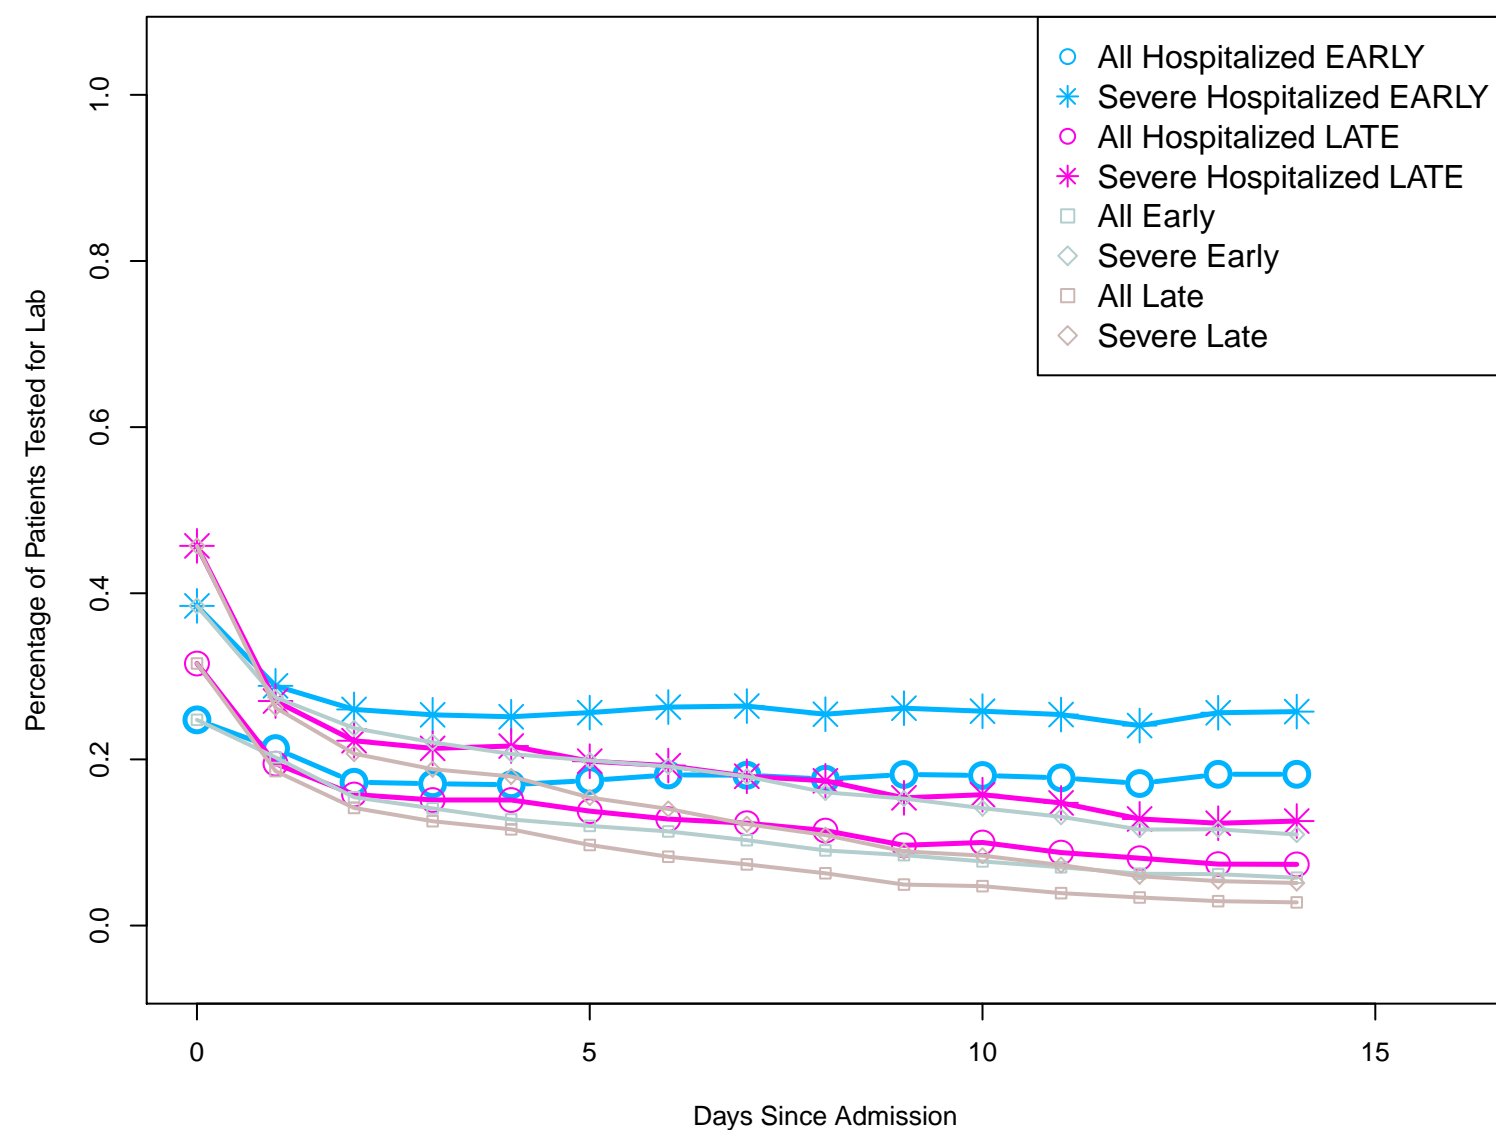

Proportion of Patients Tested for: creatinine

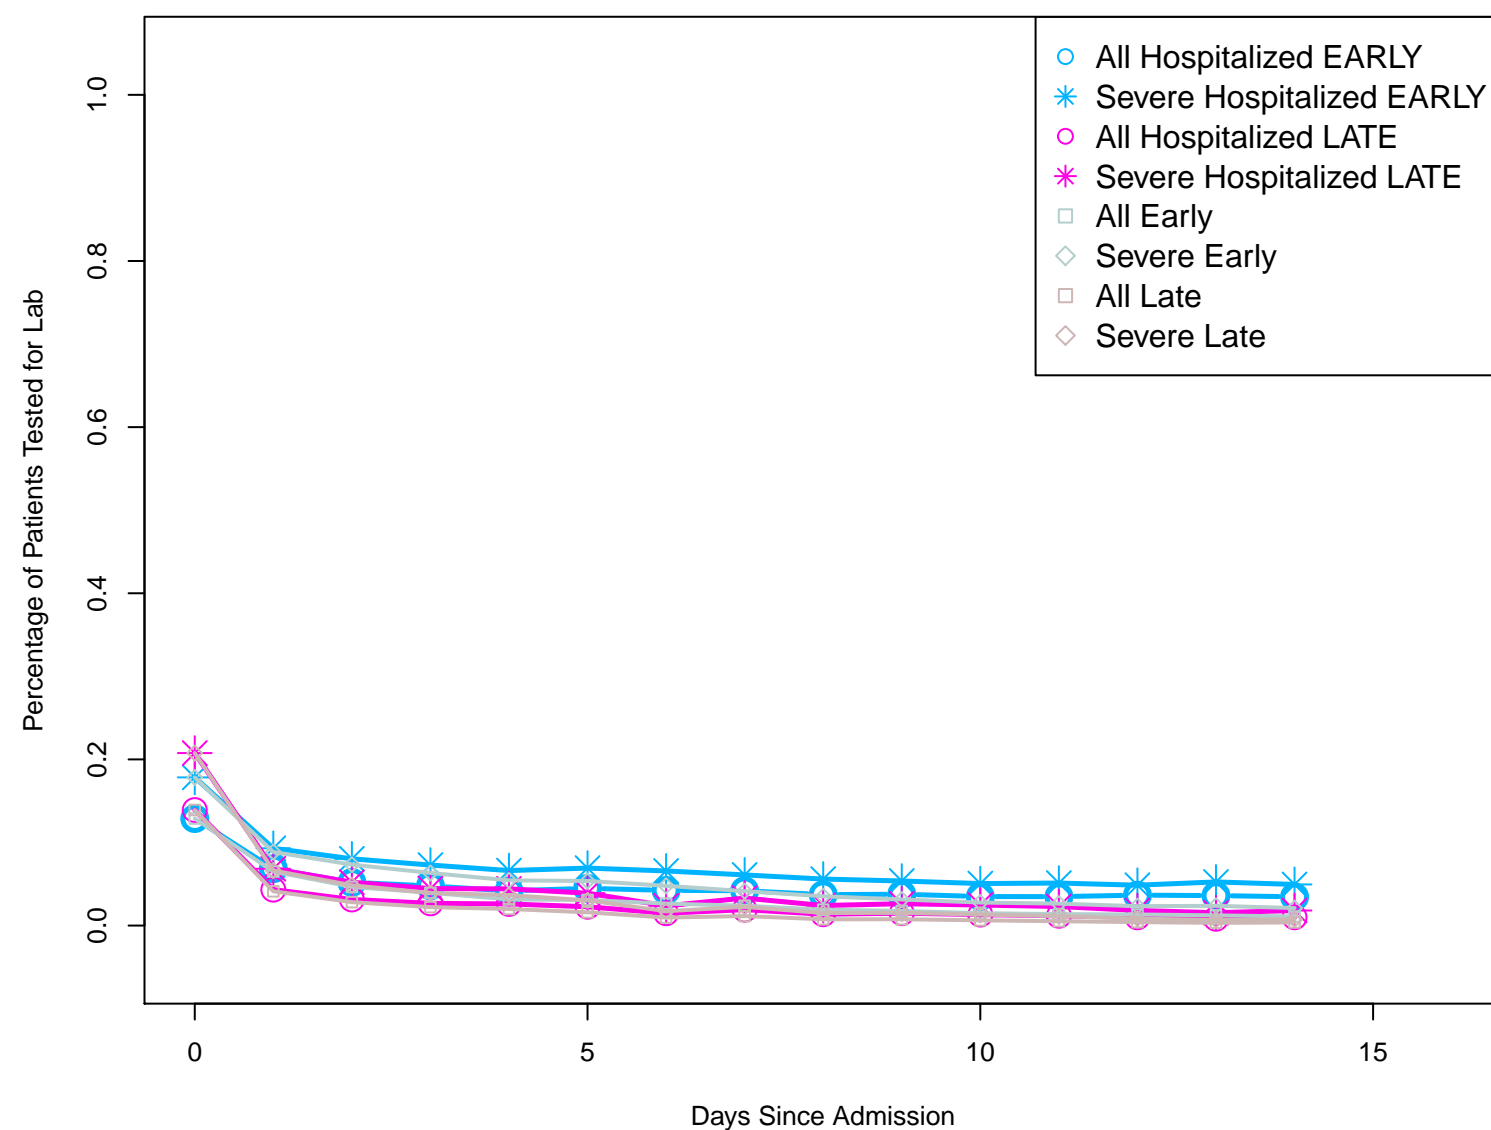

Proportion of Patients Tested for: lactate dehydrogenase (LDH)

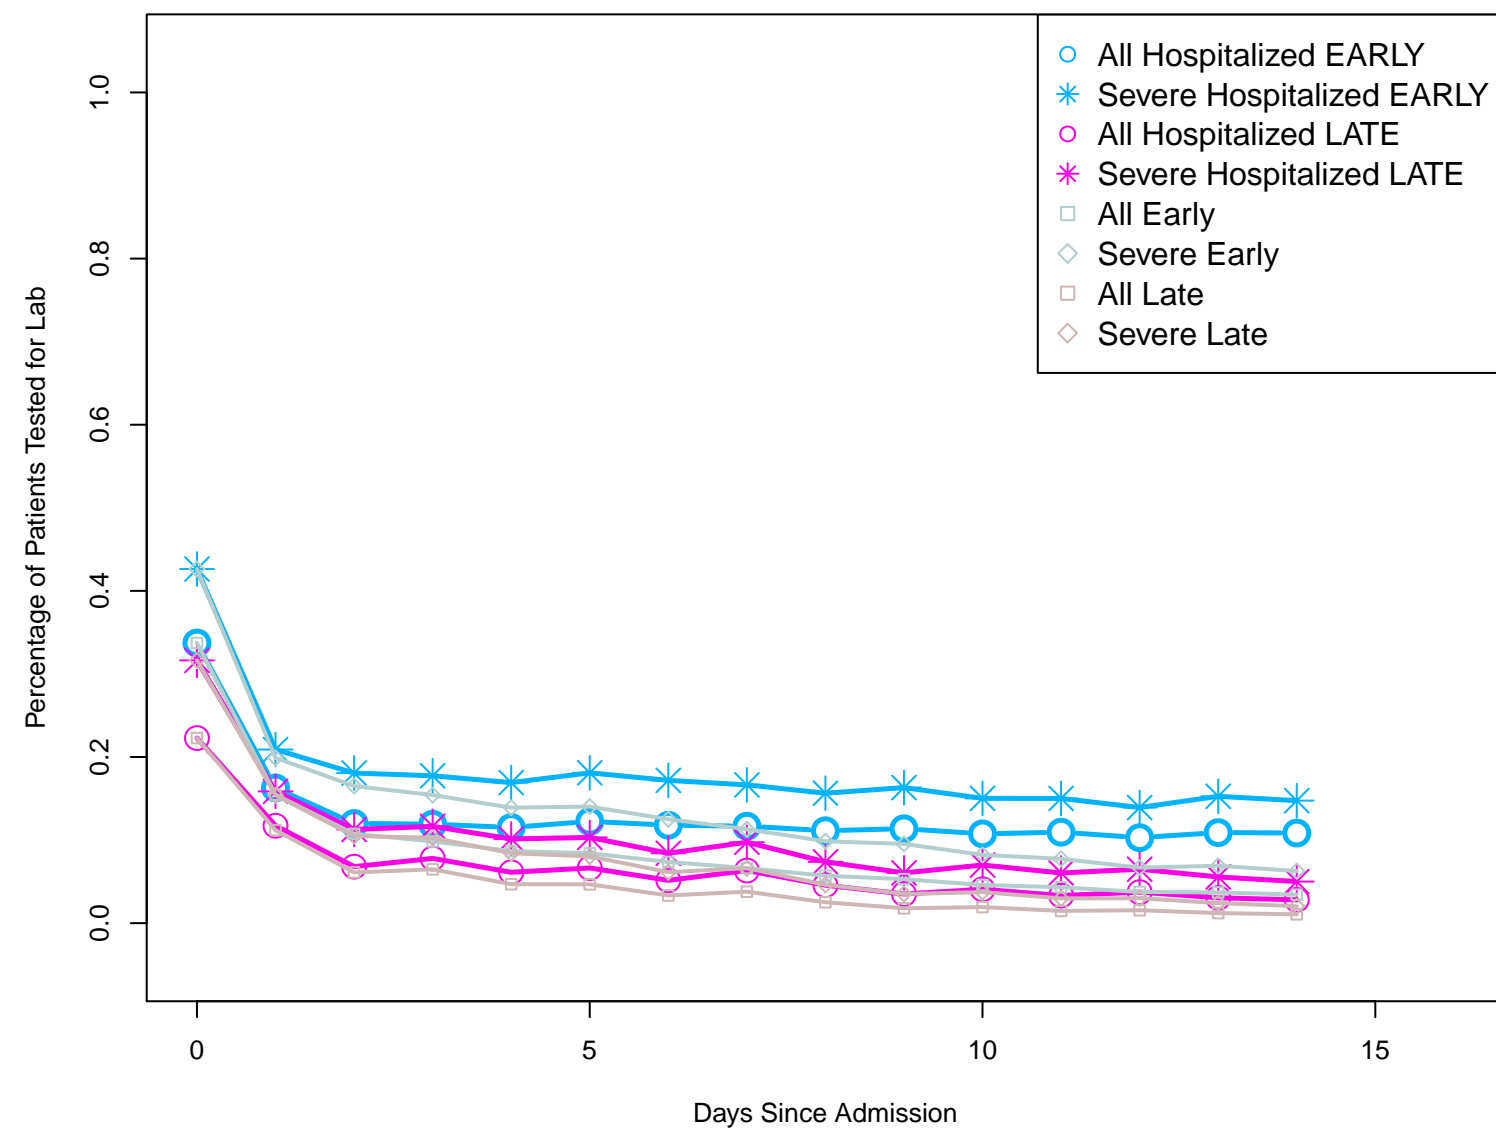

Proportion of Patients Tested for: Fibrinogen

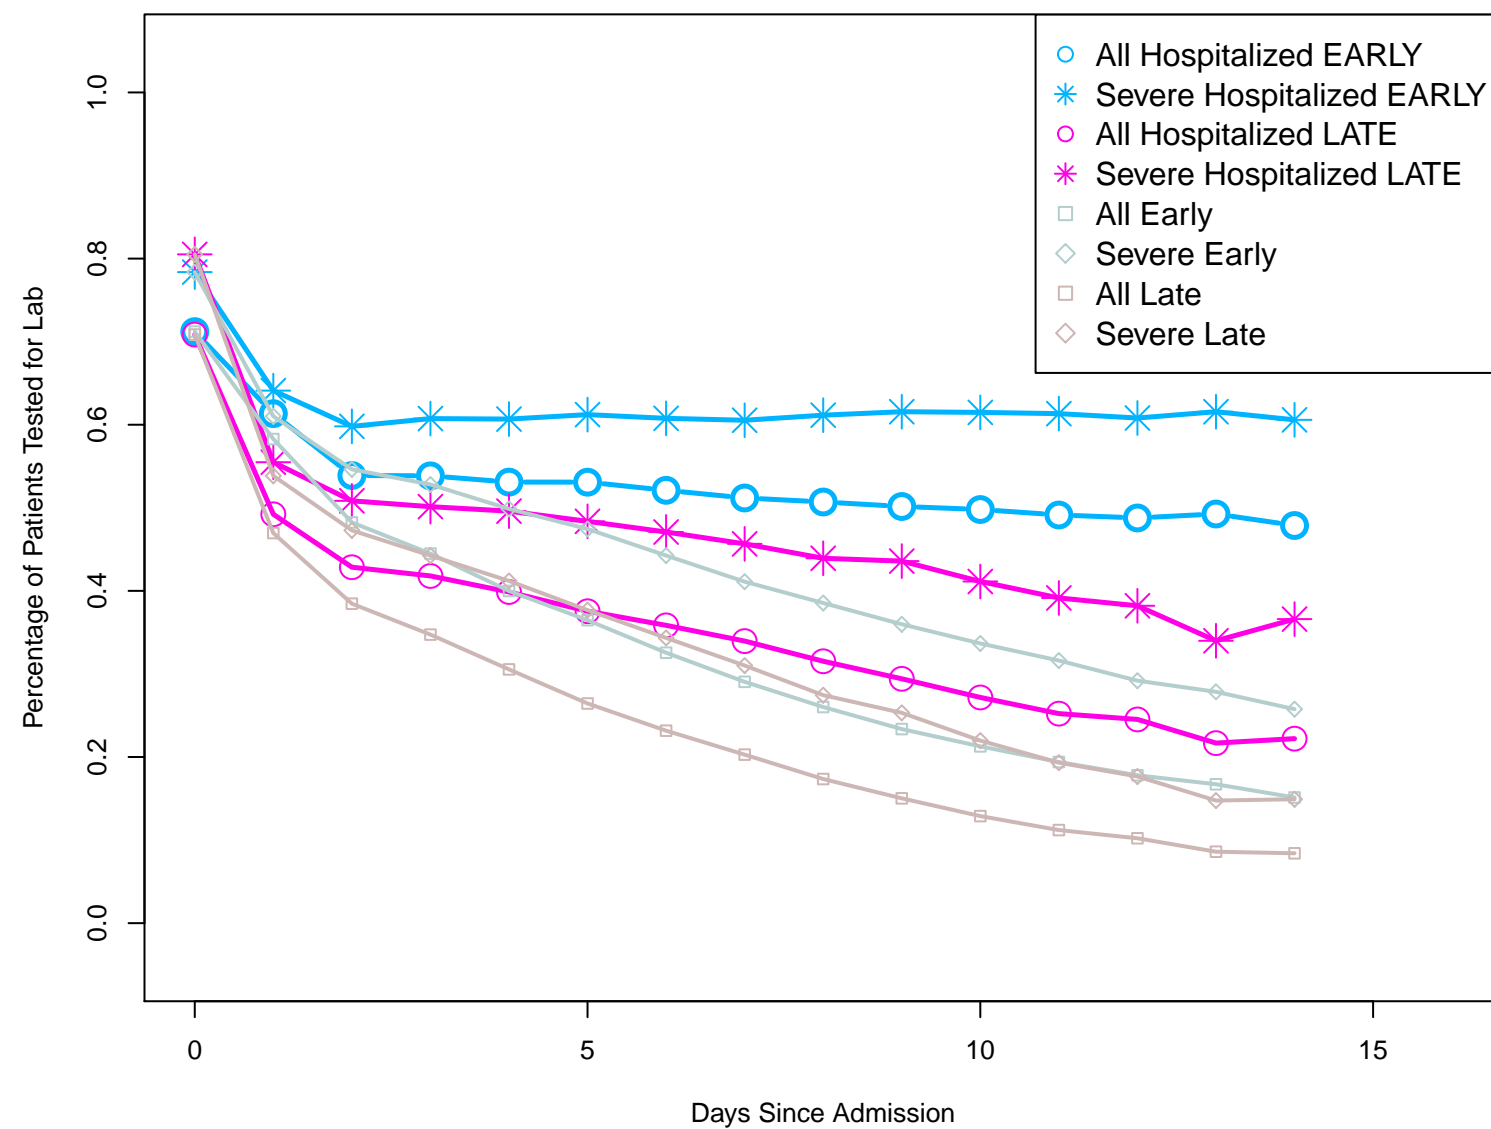

Proportion of Patients Tested for: cardiac troponin (High Sensitivity)

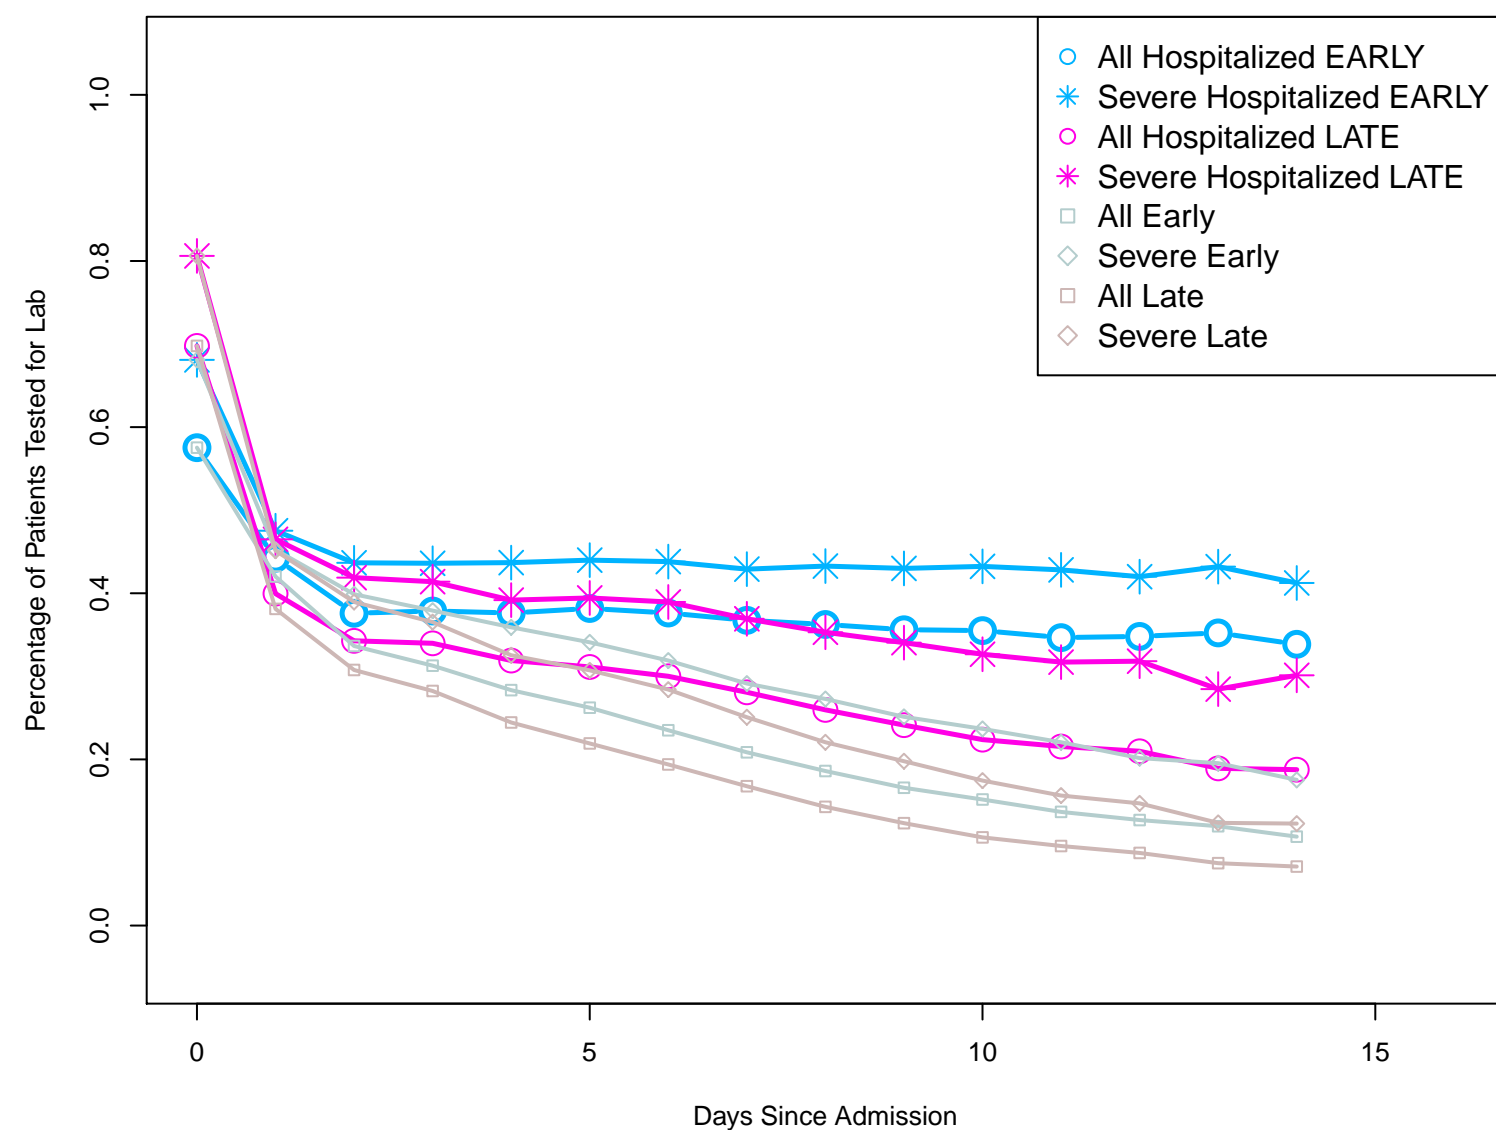

Proportion of Patients Tested for: procalcitonin

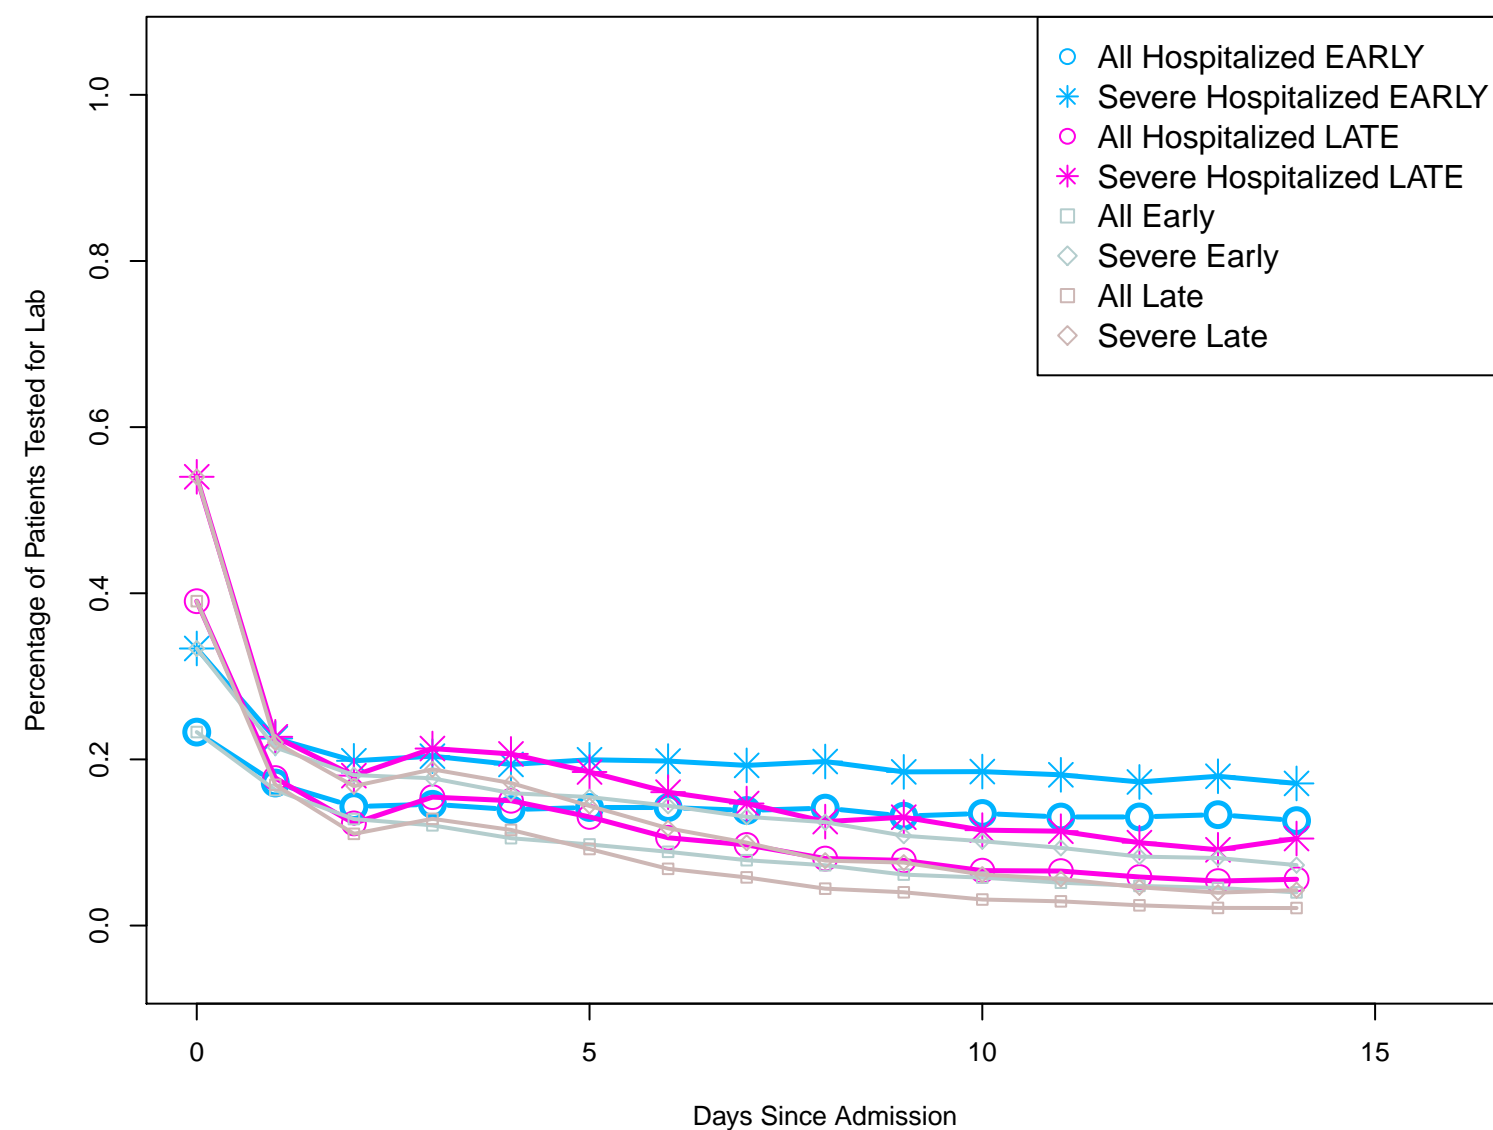

Proportion of Patients Tested for: white blood cell count (Leukocytes)

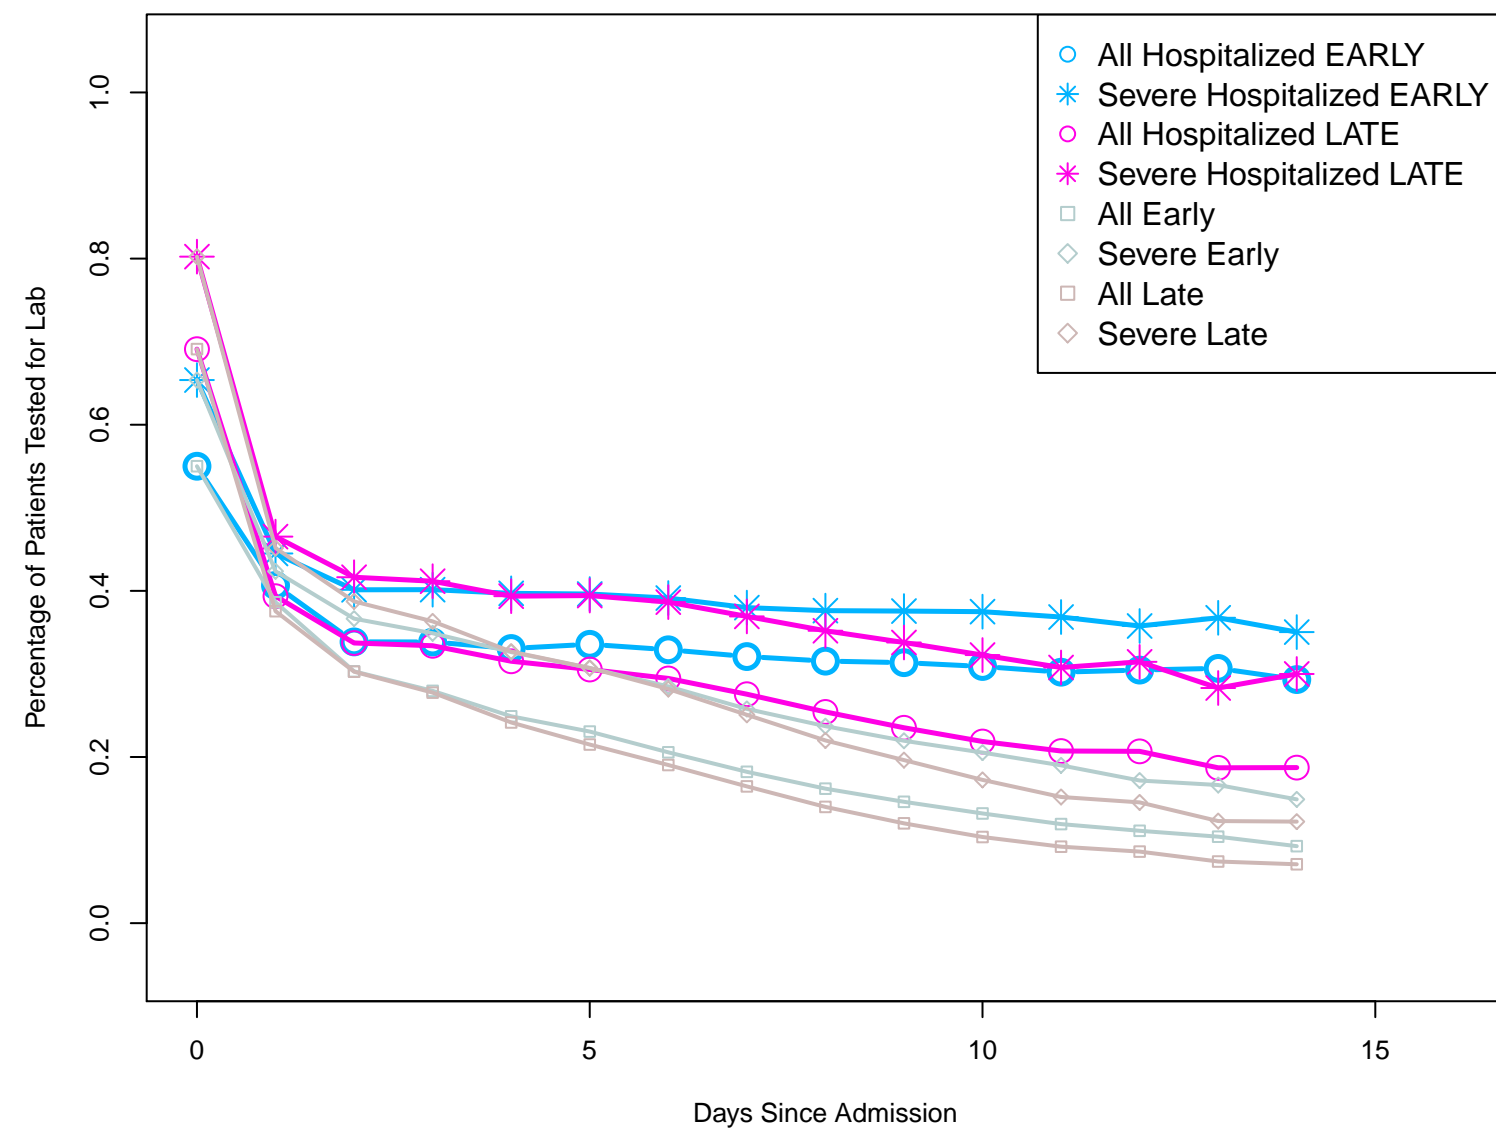

Proportion of Patients Tested for: lymphocyte count

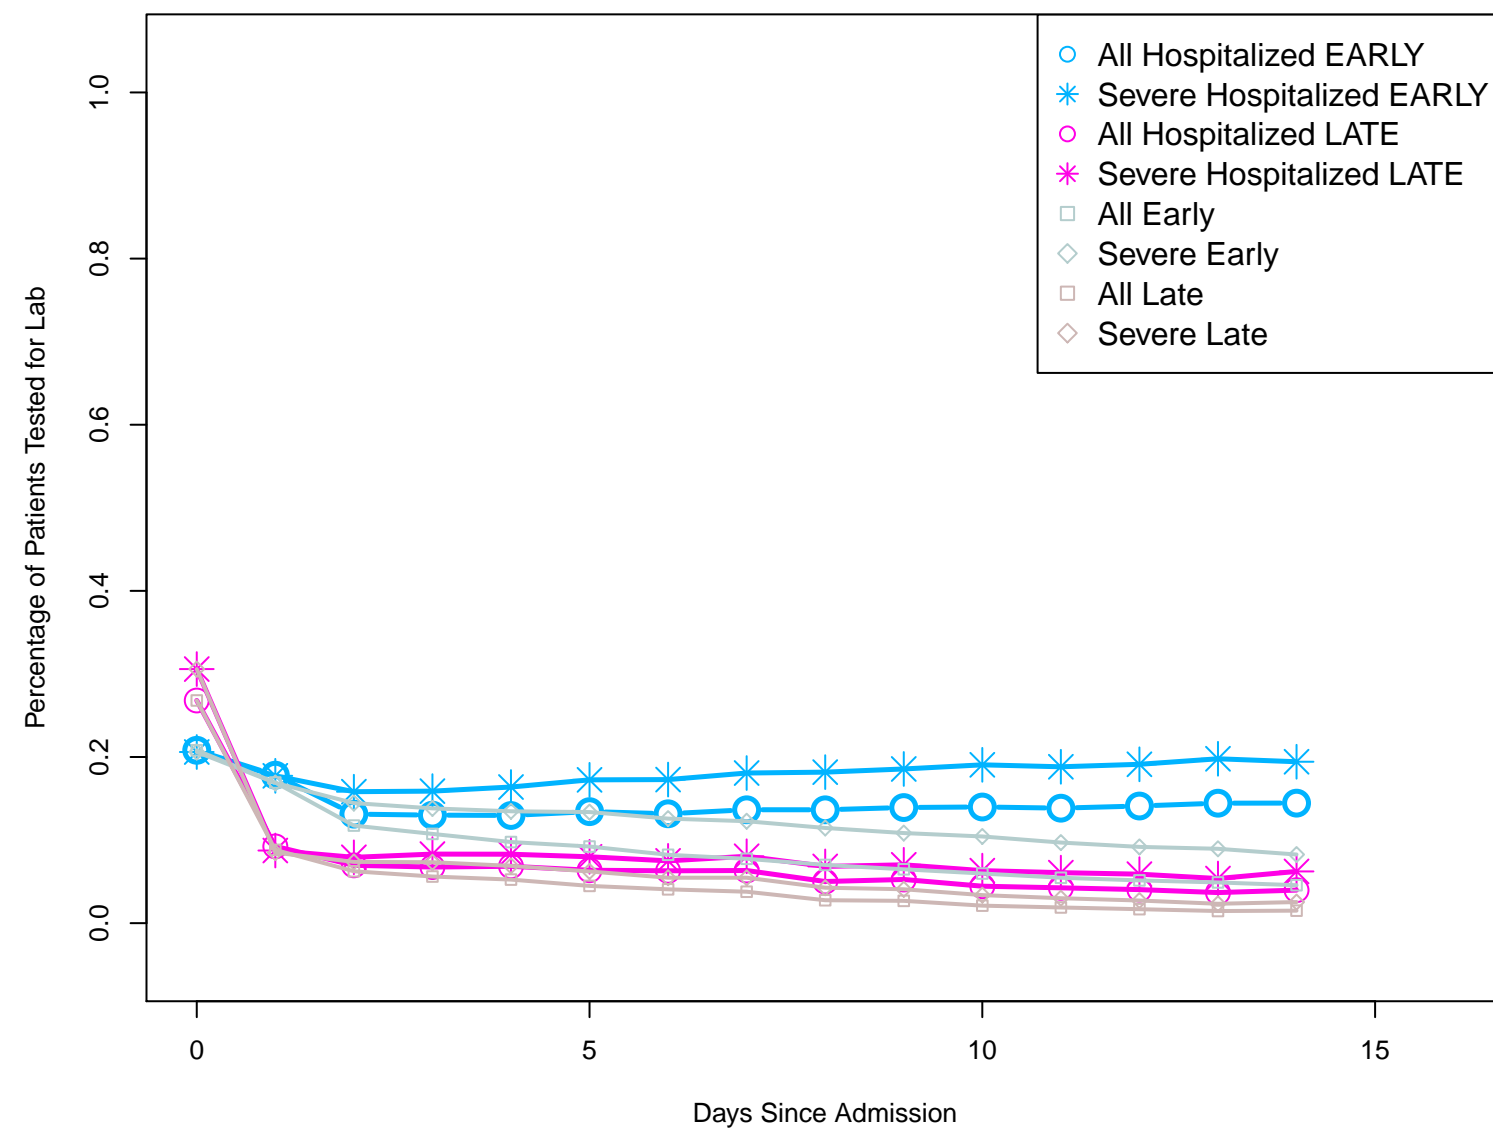

Proportion of Patients Tested for: D-dimer

Proportion of Patients Tested for: neutrophil count

Proportion of Patients Tested for: prothrombin time (PT)

Proportion of Patients Tested for: cardiac troponin (Normal Sensitivity)
